SECTION B – PROGRAM GOALS AND CORE ELEMENTS

DFSS Homeless Division Goals

The DFSS Homeless Services Division seeks to create an effective crisis response system that prevents homelessness whenever possible and rapidly returns people who experience homelessness to stable housing.

Program Goals

The goal of the Rental Assistance Program is to reduce the number of individuals and families who ultimately become homeless by quickly providing those at risk of losing their current housing with short-term rental assistance through DFSS' network of six Community Service Centers (CSCs).

Target Population

The target population includes individuals or families who are at immediate risk of becoming homeless because of their inability to make their rent payment. The causes of housing instability for the target population vary but are frequently due to an unexpected circumstance.

Core Elements

The Rental Assistance Program Manager coordinates with the DFSS Community Service Centers to deliver rental assistance to households in need of support through timely check payments to property owners/managers. The program manager will monitor the approved applications received directly from DFSS CSC staff where households are assessed and if eligible, enrolled into the program by CSC staff; ensure that the unit associated with the rental assistance meets HUD habitability standards, and; quickly distribute rental assistance to ensure clients maintain permanent housing.

The program manager is expected to:

- Conduct housing inspections, which includes performing habitability standards/lead screening on all rental units within 3-5 days of receiving request from DFSS' CSCs in accordance with HUD's Habitability Standards: <https://www.hudexchange.info/resource/1153/hprp-housing-habitability-standards-inspection-checklist/>
- Distribute rental assistance payments to property owners/managers or their agents; these payments must be made within 5 days of receiving request from DFSS' CSCs and the property passing inspection.
- Monitor fiscal activity.
- Provide regular reports to DFSS on applications processed, households assisted, units inspected, and fiscal expenditures.
- Maintain a database with critical service information including but not limited to:
 - property owner/manager information
 - client information
 - check amount
 - date of check request
 - originating center
 - check mailing date
- Use HMIS as appropriate.

SECTION C – PERFORMANCE MEASUREMENT

Overview

DFSS is committed to moving beyond measuring *how many* people receive services, to focus on whether Chicagoans are *better off* after receiving services. As part of this outcome-oriented approach, DFSS has implemented a Strategic Framework that guides how the department measures, reports on, and reviews its priorities and outcome goals, and uses them to drive contracting, decision-making and greater collaboration.

The DFSS Homeless Services Division seeks to actively and regularly collaborate with delegate agencies to enhance contract management, improve results, and adjust program delivery and policy based on learning what works.

Performance Indicators

To track progress toward achieving our goals outlined in Section B and assess success of the program, DFSS will monitor a set of performance indicators that may include, but are not limited to:

- 100% of third party payments to property owners or their agents will be made within five business days of receipt from DFSS.
- 100% of all assisted units meet HUD habitability standards prior to providing rental assistance.
- Provide average number of days before payment is made to property owner/managers.

The DFSS Homeless Services Division will work with the delegate community to further develop this measurement framework to ensure appropriate metrics are tracked for specific programs and sub-populations. DFSS is especially interested in monitoring trends in performance over time, with the goal of continuous improvement against these metrics.

DFSS will also continue to seek alignment with the Chicago Continuum of Care Program Models Chart to improve consistency with performance measurement across DFSS and Continuum of Care funded programs. Depending on funding stream, outcomes in addition to the program models targets will be included for some program types. DFSS reserves the right to revise scopes of service when further guidance is issued on system-wide performance standards.

Data Reporting

The parties recognize that reliable and relevant data is necessary to create a common understanding of performance trends, ensure compliance, evaluate program results and performance, and drive program improvements and policy decisions.

To the extent possible, DFSS will collect performance data from the **Homeless Management Information System (HMIS)**. Programs, with the exception of Domestic Violence programs, are expected to participate in the HMIS system. (Domestic Violence programs must use a compatible system.) Requirements include:

- Enter data into HMIS within 2 days of client interaction, and adhere to required data standards based on project type as outlined in the HMIS Data Standards Manual and as prescribed by the HMIS Lead Agency.
- Participate and be compliant in the HMIS Quarterly Data Assessment clean-up process.

DEPARTMENT OF FAMILY AND SUPPORT SERVICES - HOMELESS SERVICES

2021 Scope of Services

Where HMIS data is insufficient, DFSS reserves the right to request/collect other key data and metrics from delegate agencies, including client-level demographic, performance, and service data. Requested data shall include, but may not be limited to, aggregate and individual-level information on:

- Clients referred for services, enrolled in services, and discharged from services
- Activities undertaken by the delegate agency to service clients referred for services, and the timeliness of those activities
- Findings of assessments completed by the delegate agency in the course of delivering services
- Client outcomes during and following service delivery
- Utilization and spending against contract award

Delegate agencies will be expected to collect and share data with DFSS according to the format, frequency, and submission protocol specified by DFSS. Delegate agencies agree to make reasonable efforts to collect additional data related to performance as requested by DFSS.

Meetings

Regular reviews of and conversations around program performance, program results and program data, particularly related to the goals outlined in this agreement, will allow DFSS and the delegate agencies to employ real-time information to track performance, identify good practice, and swiftly, collaboratively, and effectively address any challenges experienced on the ground by delegate agencies and the target population.

At such meetings, the parties will review data and reports to:

- a) Monitor progress, highlight accomplishments, and identify concerns
- b) Collaboratively design and implement operational changes to continuously improve processes and outcomes
- c) Develop strategies on broader systems changes to improve service delivery and coordination between services

Periodic meetings may take place according to a schedule to be established by DFSS, with reasonable notice provided for delegates.

Meetings shall include, at least, the DFSS Division Director, or designee, and the delegate agency's chief executive officer, or designee. Each party may be represented by additional representatives as such party deems appropriate. DFSS may request the attendance of additional parties as it deems appropriate. Representatives from delegate agencies will attend all meetings as requested by the Department. Meetings may take place individually or jointly with other delegate agencies.

Uses of Data

DFSS reserves the right to use data related to delegate agency performance, including but not limited to data submitted by the delegate agency, for the following:

- a) In the periodic meetings described above to review program performance and develop strategies to improve program quality throughout the term of the contract.
- b) To guide DFSS program development, evaluate programs, inform policies, and inform contract decisions such as payment rates, contract extensions or renewals, and evaluation of proposals by the delegate agency in response to any future solicitations by DFSS for goods or services.
- c) Any other purposes identified by DFSS.

2021 Scope of Services

SECTION D – REQUIREMENTS

Program Requirements

Programs must adhere to the standards set forth in the **HEARTH Act**, see <https://www.hudexchange.info/homelessness-assistance/hearth-act/>. Agencies are responsible for learning about any revisions or updates to the legislation throughout the course of the contract and revising policies and procedures as necessary.

Programs must adhere to the Core Values and Core Elements of homeless services programming, as defined by the Chicago **Continuum of Care** in the **Program Models Chart**, as well as the Essential Elements for the appropriate program model, see https://allchicago.org/sites/allchicago.org/files/2014_PMC_Updated_February_2017.pdf. Agencies are responsible for awareness and adherence to the most recent version of the Program Models Chart.

Programs must participate in the **Coordinated Entry System** (CES) and follow CES Policies and Procedures as detailed for the appropriate program model, see <https://www.csh.org/chicagoces/>.

Additional and Priority DFSS Requirements for All Programs

Shall not discriminate on the basis of race, religion, national origin, sexual orientation, disability, or family composition.

- **Family preservation:** Programs designated to serve families with children under 18 shall not deny admission to any family based on the age of any child under age 18, family composition or the marital status of the adults in the family. Families with children who are 18 years of age or older and are still enrolled in and attending high school should not be separated. Families served must consist of one or more dependent children in the legal custody of one or more adults who, prior to losing housing, were living together and working cooperatively to care for the children. This definition includes two-parent and one-parent families, including those with same-sex partners, families with intergenerational and/or extended family members, unmarried couples with children, families that contain adults who are not the biological parents of the children, and other family configurations.

To reflect this family preservation policy, delegate agencies must have written standards for eligibility that promote access to program services for all families, regardless of the age of children, family composition or marital status.

- **Programmatic changes:** Please note if there are any changes to your staff, facility, facility location or Scope you must notify in writing to your DFSS Program Liaison and Director of Homeless Services Division.
